# Every's E-Learning Training Courses: Safeguarding & Care

| Course title | Provider | Length (mins) | Description |
|---|---|---|---|
| Assessing Mental Capacity | iHasco | 40 | This Assessing Mental Capacity course guides you through the process of assessing a person's mental capacity to make decisions for themselves. It looks at the Mental Capacity Act 2005 and the 5 key principles involved in assessing mental capacity. It also looks at capacity assessment examples and how to deal with disagreements and complaints. |
| Autism Awareness | iHasco | 30 | This Autism Awareness Training course is suitable for all workplaces and all levels of employees. The course covers the definition of autism, its impact on children, adults, and families and the current theories on what factors may influence the condition. Furthermore, this course will help users understand what support can be offered to those with autism. |
| Communication in Care | iHasco | 30 | This Communication in Care course works alongside Standard 6 of the Care Certificate and provides information about why it is important for Care Workers to understand the importance of effective communication in a care setting. It teaches carers how to effectively communicate with patients and colleagues, and looks at speaking with confidence and conviction, listening to difficult people, identifying your preferred listening style, and much more. |
| Deprivation of Liberty Safeguards | iHasco | 30 | The Deprivation of Liberty Safeguards course explains what these safeguards are and the six assessments which must be done before a deprivation of liberty can be authorised. It looks at the differences between restraint, restriction, and deprivation and explains why it's so important to have policies in place, follow procedures and keep records. It tells you which forms are required at each point and includes a step-by-step guide to the urgent authorisation procedure. |
| Duty of Care | iHasco | 30 | Duty of Care focuses on Standard 3 of the Care Certificate, which ensures that employees know what duty of care they have to those receiving care and support in the workplace. We will explain the need to promote wellbeing and make sure that people in Care are kept safe for harm, abuse and injury. |
| FGM Awareness & Prevention | iHasco | 20 | FGM Awareness and Prevention provides useful information about Female Genital Mutilation and will help you spot the signs of potential FGM, as well as teach you how to intervene should you suspect a child is going to be subjected to the procedure. |

|---|---|---|---|
| Keeping Children Safe in Education (KCSIE) Part 1 2022 | iHasco | 75 | Every member of school staff is legally required to read Part one (or Annex A, where Governing bodies deem appropriate) of the KCSIE document. It provides statutory guidance for schools and is put together by the Department of Education. We offer an online version of the KCSIE document that allows training administrators to keep tabs on who has and who hasn't read the guidance - helping work towards compliance with legislation. |
| Mental Health, Dementia, and Learning Disabilities in Care | iHasco | 35 | This Mental Health, Dementia and Learning Disabilities in Care course works in conjunction with Standard 9 of the Care Certificate and provides awareness training that teaches carers to be aware of mental health conditions, learning disabilities and dementia within a care setting. |
| Person-Centred Care | iHasco | 30 | The Person-Centred Care course works alongside Standard 5 of the Care Certificate and explains how to work with an individual to plan for their care and support effectively. This course effectively explores the key principles and will enable carers to work in a 'person-centred' way. The course includes the legal and regulatory framework, the Care Act, tools to support person-centred approaches and risk enablement. |
| Prevent Duty | Every® by IRIS | 18 | The Counter-Terrorism and Security act dictates that all schools and childcare providers have a part to play in helping to prevent children from being drawn into extremism and terrorism, known as Prevent duty. This course emphasises the importance of spotting warning signs and following the correct methods of reporting concerns when it comes to terrorism, radicalisation, and extremism. All staff have a duty to safeguard children in schools, so this course can be used to support all users regardless of their role. |
| Prevent Duty | iHasco | 20 | Prevent Duty training aims supports those working in Education with their duty in the Counter-Terrorism and Security Act 2015 and to prevent children from being drawn into terrorism and radicalisation. This course will equip staff with the right tools to deal with any direct threats of radicalisation or terrorism. This Prevent Training is suitable for those working in education and childcare. |
| Privacy & Dignity in Care | iHasco | 20 | This Privacy and Dignity in Care course focuses on Standard 7 of the Care Certificate and aims to educate those working in Care on how both privacy and dignity can be respected and protected within a care setting. |
| Safeguarding Adults (Level 2) | iHasco | 50 | This Safeguarding Adults course explains the seven major forms of abuse and gives step-by-step guidance to deal with abuse; including raising an alert, making a referral and what to include in a written report. It's essential to act quickly if you think abuse may be happening - the quicker it's spotted, the quicker something can be done about it. |

| Course | Provider | Mins | Description |
|---|---|---|---|
| Safeguarding Children | iHasco | 60 | This Safeguarding Children course covers both levels 1 & 2 and also covers standard 11 of the Care Certificate. This course covers the often-difficult subject of child abuse; considering the different kinds of abuse, how to spot the signs, and how to correctly and discreetly report your concerns so that the problem is addressed. |
| Safeguarding Children (Level 1) | Every® by IRIS | 26 | Everyone who works in a school must keep children safe, whether you are employed as a teacher, an administrator, a cleaner, or within the site team. 'Safeguarding Children (Level 1)' concentrates on the fundamentals of safeguarding children and keeping the school premises safe and secure, specifically from the point of view of site and support staff. The course will also cover the information within the government guidance 'Keeping Children Safe in Education (KCSIE) Part 1'. |
| Safeguarding Children (Level 2) | Every® by IRIS | 26 | 'Working At Height' includes the necessary health and safety information for users to recognise and manage the risks of working at height in the workplace based on the Work at Height Regulations 2005 (WAHR). The course will support users in assessing risk, reviewing equipment, and taking steps to protect those who work at height from harm – keeping everybody safe in the workplace. |
| Safer Recruitment in Education | iHasco | 50 | This Safer Recruitment course covers everything you need to know from writing a job description, through to shortlisting, doing checks and references, interviewing, and using induction and probationary periods to make sure you've made the right choice. |
